## Chapter 1 by joey

on a slithery sloppy old night a biddly butthole that went by the name of estabon lopez creepily crawled along the side walk. he was a creation of the late juan carlos the third. who was known for expeimenting on cats.

## Chapter 2 by TeedoubleU White

The cats he Experimented on were worn out, old withered beings, with only one intent. To fulfil the needs of their owner's test subject's crusty arse.

Estabon Lopez carried on slithering along the pavement until he realised 'Shit'. There was a pile of sloppy, slimy and nauseating shit right where he stood. He paused for a second, to see if anyone was lurking in the shadows around him, and when he was certain no one was around, without hesitation, he scooped the crap into his mouth. He swished it around like Listerine and bit down on the hard sweetcorn chunks.

He let out a marvelous belch and carried on down the wavering path to his home where his two dearest cats slept.
